Children under the age of eight are prohibited from operating ATV/OHVs on public lands in Utah. Any person over the age of eight who wishes to do so is required to have a valid ATV/OHV safety certificate or driver license in their immediate possession.

**FREE Helmet for each participant**

**OHV Skills Course:**

Many students who are granted ATV/OHV safety certificates have very little riding experience. During the skills course, students bring their own ATV/OHV and are allowed to practice the techniques taught during the classroom portion. Topics include: conducting a pre-ride inspection, starting, stopping, turning, climbing, descending, avoiding and crossing obstacles, and much more. The class is taught by a certified ATV/OHV instructor.

**OHV Education Course:**

The four hour course is designed to give riders the basic skills necessary to safely operate an ATV/OHV. Some of the topics included are: nomenclature, laws in Utah, proper safety equipment, riding techniques, and much more. At the conclusion of the course, students will take a written test on the material covered during the course. After successfully passing the test, the students will be sent a valid ATV/OHV safety certificate for the State of Utah.
