What is Public Health?
If 'i' is replaced with 'we'
Even illness becomes wellness.

Our Health Priority Areas
- Promoting Healthy Living
- Improving Mental Health and Preventing Suicide
- Reducing Substance Abuse

Our Core Values

- **COLLABORATION**: We work together internally and externally for the mutual benefit of the community through the sharing of information, resources, and ideas to achieve a common goal.
- **EXCELLENCE**: We strive to provide the highest quality services through individual efforts, evidence-based practices and a culture of quality improvement.
- **INNOVATION**: We apply the most advanced technology, information and research to become a revolutionary leader in public health.
- **INTEGRITY**: We act with a consistency of character and individual ownership and accountability for our actions.
- **DIVERSITY AND INCLUSION**: We treat all individuals with respect, dignity, acceptance, and compassion.
- **SERVICE**: We provide quality service to all individuals both internal and external.

**Our mission:**
The Tooele County Health Department serves as a leader in public health and aging services for our diverse community, by promoting health and safety, striving to prevent avoidable disease, assessing the health of our community, developing policies, providing services and education, and protecting the environment to assure quality of life.

**Our vision:**
A healthy and safe community for all Tooele County residents.

"Health is a state of complete physical, mental, and social well being and not merely the absence of disease or infirmity.”

- World Health Organization (1948)
