What is Public Health?

If 'i' is replaced

with 'we'

Even illness becomes

wellness.

Our Health Priority Areas

- Promoting Healthy Living
- Improving Mental Health and Preventing Suicide
- Reducing Substance Abuse

Our Core Values

- COLLABORATION: We work together internally and externally for the mutual benefit of the community through the sharing of information, resources, and ideas to achieve a common goal.
- EXCELLENCE: We strive to provide the highest quality services through individual efforts, evidence-based paractices and a cluture of quality improvement.
- INNOVATION: We apply the most advanced technology, information and research to become a revolutionary leader in public health.
- INTEGRITY: We act with a consistency of character and individual ownership and accountability for our actions.
- DIVERSITY AND INCLUSION: We treat all individuals with respect, dignity, acceptance, and compassion.
- SERVICE: We provide quality service to all individuals both internal and external.

Our mission:
The Tooele County Health
Department serves as a
leader in public health and
aging services for our
diverse community, by
promoting health and
safety, striving to prevent
avoidable disease,
assessing the health of our
community, developing
policies, providing services
and education, and
protecting the environment
to assure quality of life.

Our vision:
A healthy and safe
community for all Tooele
County residents.

"Health is a state of complete physical, mental, and social well being and not merely the absence of disease or infirmary." -World Health Organization (1948)
