

# Coronavirus (COVID-19)

The Utah COVID-19 Community Task Force is actively monitoring the spread of COVID-19 on a state, national, and global level.

To prepare for the arrival of COVID-19, Governor Gary R. Herbert issued an executive order declaring a state of emergency on March 6.

A coordinated response is underway to limit the spread of the virus. State and local government agencies are working with private sector partners throughout the state to monitor illness associated with this new coronavirus.

People at the greatest risk from the virus are

People over the age of 60

People with underlying health issues

The best prevention measures are

regular hand washing

limiting close contact with other people

Updated information and guidance for prevention and treatment, can be found at [coronavirus.utah.gov](https://coronavirus.utah.gov).

Utah Coronavirus Information Line 1-800-456-7707
